Career Opportunities

SENIOR UI MANAGER

Location: Hyderabad, India

Amphora Software Pvt. Ltd. is the premier software solution provider for energy trading, logistics and risk management in the global crude oil, refined products and energy derivatives marketplace. Our team includes some of the most experienced software designers, developers and business analysts in the commodities industry today. Since our inception, our main goal has been to provide the trading community with the most robust, user-friendly, enterprise-wide software package available. We continue to launch new products that address customers' needs and adjust to dynamic market demands.

Summary/Objective:

We are looking for a Senior Software Engineer who understands well and is very comfortable with both JavaScript and the JavaScript ecosystem. React.js knowledge is preferable, but someone who practices modern engineering principles in a modern SPA framework (ReactJS, Angular or Vue, for instance) will be able to learn on the job. You understand how to manage application state and application data (with Redux, for instance), and write reusable components as appropriate.

Essential Functions:

- Strong proficiency in JavaScript & Java.
- Thorough understanding of React.js and its core principles (or a comparable, modern, component-based UI Framework / Library)
- Developing & Designing new user-facing features and products using React.js
- Understanding of functional programming techniques and practices.
- Familiarity with GraphQL is a plus, Familiarity specifically with ApolloJS is an extra plus.
- Knowledge of modern authorization mechanisms, such as JSON Web Token
- Other Tools - GitHub, Nexus repository, Jenkins, Babel, Webpack, NPM and CI Tools
- Building reusable components, code patterns and front-end libraries.
- Node experience is a BIG plus .
- Eagerness to learn and grow with the rest of the team is a must!

Benefits:

We value our employees' time and efforts. Our commitment to your success is enhanced by our competitive salary, depending on experience, and an extensive benefits package including paid time off, medical and future career growth opportunities. Plus, we work to maintain the best possible environment for our employees, where people can learn and grow with the company. We strive to provide a collaborative, creative environment where each person feels encouraged to contribute to our processes, decisions, planning and culture.

Employment Location:

Amphora Software Private Limited
Suite 403-406A, 4th Floor Ashoka
Myhome Chambers S P Road
Secunderabad, 500 003
India
